

BISHOPS TO EXPLORE GREECE

The cradle of western civilization in the modern world, Greece maintains a fine balance of the ancient and the contemporary. From agricultural plains of olives and figs to spectacular sunsets over volcanic landscapes, the natural beauty of Greece is diverse and picturesque.

Ancient Ruins, Modern Culture and Natural Beauty on the Aegean Sea

Students will spend time exploring the ancient ruins of Greece, experiencing the sites that inspired the myths we've heard since childhood. They'll explore the connection between life today and ancient culture through activities such as cooking lessons, dance lessons, and musical performances. Traveling through the Greek islands, they'll experience volcanic hikes and traditional craftsmanship as well as natural beauty and modern life in more remote settings.

Highlights include:

- Athens – Acropolis and Panathenaic Stadium
- Delphi, Corinth, Mycenae
- Meteora Monasteries
- Santorini
